Dear Jody,

I would be happy to have you use parts of my email in the newsletter. After having used a different legal team in the past, it is refreshing to have a team that is so responsive and thorough in representing its clients.

Sincerely,
Rick [REDACTED]

Mr. Noone,

I appreciate all that you have done for me in this case. Having the knowledge that you and your firm were there for me means a lot to me.

As of this moment, I have not been called back to answer further questions related to an employee's EEO Complaint. As of three weeks ago, the employee has accepted a different position with the agency which has resolved the likelihood of a formal EEO Complaint.

Regarding the Administrative Investigative Board in which I was called to testify, the board's finding have never been shared with me. Nor have I heard anything further beyond the prescribed corrective action that I had been assigned and have completed.

I hope this closes my need for any further representation. However, I would like it known that your immediate response, continued dialog and communications has been more then I ever received with my former Legal Firm and Liability Insurance. Thank you very much.

Respectfully,

Rick S. [REDACTED]
